Discover Grace. Grow in Grace. Live Gracefully.

Re: Rob Paris

To Whom It May Concern:

We are pleased to write this letter of recommendation for Rob Paris. Rob began working with LifeBridge Christian Church as our insurance broker at Six and Geving in 2007. The company merged with Cornerstone in 2008, and Rob purchased the agency and changed the name to Ministry Risk Management in 2010. LifeBridge continued to follow Rob through this transition.

For many years, prior to our employment with LifeBridge, the church had dealt directly with three or four insurance companies without the benefit of a broker. We found by hiring Rob as our broker, we could more fully shop the marketplace, review the entire package, and streamline processes. During our first year with Rob, he and his company were instrumental in saving the church several thousand dollars by changing our property, casualty, and automobile insurance to a different carrier. Two years later, we moved our Workers Compensation to this same carrier and again saved considerable money.

Rob and his team of insurance professionals provide excellent customer service, are comprehensive, responsive, and knowledgeable. We have full confidence in their ethical business practices, and regard them as a ministry partner in the work of the church.

Sincerely,
