To Whom It May Concern:

This letter is in reference to Rob Paris and the Ministry Risk Management group. I am the Associate Pastor, and oversee the Campus of Praise Assembly, as well as our Risk Management and Insurance needs.

We have been with Rob Paris since 2005, and I couldn't be happier with the service we receive. Rob and his team have worked diligently for us to help us obtain great coverage at competitive rates with Insurance Companies that deal with religious organizations and understand the unique challenges that we face.

We have had a great experience and relationship with Rob and look forward to continued partnership for years to come. I highly recommend this team of professionals to assist you in your insurance needs as you fulfill the mission God has given to you.

Sincerely,

Darron K. Wilson

Associate Pastor
