To Whom It May Concern:

I am the Business Manager of Ravencrest Chalet Bible School and Retreat Center. Located just outside Estes Park in the Rocky Mountains of Colorado, there are many different facets to the programming we run. Mary Gannon and the team at Cornerstone Ministry Risk Management have always done an excellent job supporting our ministry for where we are at today, and have desired to understand how they can help us get to where we'd like to be tomorrow.

Through the eight years we have been together, they have been proactive in ensuring that we understand all the caveats of our policies, and have educated us in areas that would help our ministry move forward. By staying up to date with the current trends in our field, we are comforted to know that Mary and her team have us covered.

From dealing with claims to simply setting up coverage for a Mission Trip to Eastern Europe, their team has consistently instilled in us the greatest confidence that we have the support we need.

I hope after reading this you will be more encouraged to enter into a relationship that will no doubt support your ministry in what the Lord has called you to. I strongly recommend Mary and the Cornerstone Ministry Risk Management team to be your ministry partner.

In Christ,

Erik Snyder
Business Manager
